

March '09 Schedule Changes

Effective Sunday, March 22, 2009, Metro is adjusting service levels on routes and trips. These adjustments are being made after a thorough performance review of each route. As such, modifications are being made to routes during the time of day when ridership is documented as very low. These changes are being made to improve the efficiency of Metro service and to help meet budgetary challenges resulting from reduced operating assistance.

Thank you for your patience and understanding during this period of adjustment.
